How to borrow money for the first time:

First, stop worrying about borrowing! The time to borrow money is when you really need it—and then—you can rent the extra money you need just like you'd rent anything else—a car, an apartment, some tools.

Second—figure out exactly how much money you need—it's just as wrong to borrow too much as it is to borrow too little. Then—telephone Seaboard for answers to any special questions you may have and for a personal appointment.

You may borrow \$25 to \$600

Every month more than 150,000 money-troubled people exchange their problems for a loan from

Enjoy a Thrilling Family Reunion by Long Distance

The next best thing to attending a family reunion in person is
a get-together by low-cost long distance. You can be con-
nected with different members of your family at different places
on the same long distance call. Each can talk and be heard by
the others. Just ask for the Conference Operator—she'll be
glad to take care of the details.

Need a mailing service? The easiest way to solve a "sticky" problem is to look in the Yellow Pages of the Telephone Directory. Whatever or whomever you need—antiques, buttons, carpenters, or dentist, they're all conveniently listed with name, address, telephone number. Make it a habit to look in the Yellow Pages.
